show by Mother Nature. It's not clear who crossed her but it was no day for sailing. The gale force winds blasting from the north kicked up white caps in the harbor that had the surf originating from the shore and running backward toward the bay. Spume was tearing off the top of this wrong way surf and seagulls were stopped cold in the airways. The top cover photo is of the reverse surf off Ned's Point and below, the unusual low tide at Pico Beach exposing bottom not often seen as the wild wind pushed the tide far out to sea.

## Library Meeting Tonight

The response to Mrs. Robert Bennett's letter of last week concerning the imminent loss of Mrs. Patricia Putman as Mattapoisett librarian was both instant and strong. All the people who use the library and who think most highly of Mrs. Putman's years of service have reacted with shock to the news that she will be lost to the town's readers. The fact that Mrs. Putman's resignation from the post and the Library Board of Trustees' acceptance which dates back to December 1973 was never announced has contributed to the surprise and rumors of recent weeks. In order that townspeople might be fully informed of the plans for the library and of the reason behind this resignation and acceptance, the Friends of the Library acting upon Mrs. Bennett's suggestion have arranged a meeting so that the public can hear from the invited Trustees: Mr. Richard

growth of the town, has modernized equipment, found new water supply and established new wells, stand pipes, and pumping stations to supply the town's needs. Mr. Barstow has had an active career in the midst of all these projects over the past two decades.

This period alone would be a full public service for some but for Mr. Barstow it is only the cap for town service that extends back more than forty years. Mr. Barstow was elected and served as Selectman for the years of 1933, 1934 and 1935. He served as Town Moderator from 1950 through 1961. He chairmanned the highly successful 100th anniversary celebration of the town which took place in 1957. He served as a

member of the Water Pollution Abatement Committee for 2 years. Mr. Barstow has been elected to the Water Commissioner post from 1953 to 1973 and ended this consecutive string by not running in this election.

Mr. Barstow, his famous smile as broad as it ever was, said that he is stepping out of town affairs because he feels that when a man reached 80 then it's time to hand the reins over to a younger man and relax a bit. Townspeople who recall this man in his many capacities over so many years will have doubts about his relaxed plans but certainly all will wish him the very best in this retirement from a public service that has benefited the whole population for so long and so well. Mr. Barstow's unfailing good humor as well as his uncommon good sense will be long remembered by grateful fellow residents.

### LETTER TO THE EDITOR

### TO THE RESIDENTS OF MATTAPOISETT

We are presently on the threshold of an  
educational crisis. In the past we have  
ignored the demands of our children's  
academic needs. It is therefore necessary  
that we examine our current predicament:

- Many of our classrooms are now oc-  
cupying our corridors.
- The library which is the nucleus of  
development is all but non-existent.
- We are without facilities to accommo-  
date children with learning disabilities.
- Our physical education program is  
minimal, not due to instruction, but be-  
cause of inadequate facilities.
- All indications are that the population  
in Mattapoisett will increase.

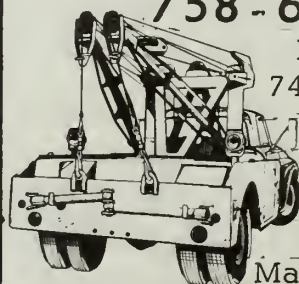

Adding to our dilemma is the cost of con-  
struction which is constantly on the rise.

### LETTER TO THE EDITOR

The Fine Arts Group of the Mattapoisett Woman's Club wishes to extend our deep appreciation for the efforts of Mrs. Berthold Putman, librarian of the Mattapoisett Library, to enhance our study of American Painters the past two years.

Mrs. Putman has obtained films from the Boston Public Library for the group. This has taken much patience, time and perseverance on her part. Her efforts were not in vain! These films have been of great value to our studies.

She has also obtained books through the Inter Library Loan in our behalf.

We feel that Mrs. Putman's helpfulness should not go unacclaimed. It has been a pleasure to be associated with this delightful and dedicated lady.

### TEXACO STATION CLOSED PERMANENTLY

A February 25th letter to George Hall, executive secretary for the Board of Selectmen, from Mr. G. E. Rodgers, assistant district manager of Texaco, assured the town that no decision had been made then as to the disposition of the Neighborhood Texaco Station. On March 4th, Mr. Hall wrote to Mr. Rodgers asking that the Mattapoissett Board of Selectmen be notified as soon as possible on the decision because Selectmen wanted to apply to the Federal Energy Office for a reassigned allocation if the station were to be permanently closed.

Mr. Hall has subsequently talked to Mr. Wayne Cross at Texaco District Headquarters who advised that Texaco will not re-open the station but has not received any notification of giving up the allocation assigned to it.

## Historic District Study

DID YOU KNOW?

The Mattapoisett Historic District Study Committee is meeting twice a month with the goal of preserving some of the historic significance of Mattapoisett. The committee is comprised of the following members: Mary Erhard, Lynn Flodin, Francis Rowland, Charles Drake and Randy Smith. We regret, that after a full year of service, and always a cheerful, willingness to help, Dorothy Fox is resigning. Dorothy has been finding it increasingly difficult to be present at the meetings.

We would like everyone to know that this committee is working on proposing as an historic district, both sides of Water Street starting at the town beach and extending west to Main Street and thence to Church Street. Each member welcomes the residents to contribute information as to historic value on any of the properties in this proposed district and also invited interested persons to attend our meetings which are held every first and third Thursday of the

Mr. George White, Chairman

27 Pearl Street  
Mattapoisett, Ma.

Dear Mr. White:

The Board of Selectmen, at their meeting of February 12, 1974, voted unanimously in favor of the Elementary School Building Committee's proposed addition to the Old Hammondtown Elementary School as described in your brochure.

The crowded conditions at the school at present, along with the projected town growth patterns, makes it mandatory that additional facilities be provided at Old Hammondtown as soon as possible. Additionally, rapidly increasing construction costs dictate the financial advantage of expediting essential construction.

In view of the above, the Board of Selectmen concur with the Elementary School Building Committee in the importance of providing additional facilities at Old Hammondtown Elementary School and in the economic advantage of accomplishing the construction as soon as possible.

Very truly yours,

P A C elected Mrs. Helen Westergard as chairman of the group and accepted membership applications from new members.

The Open House visitors examined the wide variety of individualized and self-correcting materials utilized in the federally funded program. They viewed the operation of the Controlled Reader, and the Reader Mate, demonstrated by teacher aide Miss Paula Souza. They also observed other instruments such as the T-Matic 150 tachistoscope, Flash-X, and cassette players which support the program's attempt to individualize reading instruction and allow each student to experience continuous progress.

Besides trying to improve student attitude toward reading and develop specific reading skills, the reading lab at the Junior High tries to develop study skills that will help the students achieve more success in other subject areas.
